

FLEET PROTECTOR

We know that your fleet workers are very valuable to you. The Ctrack Fleet Protector policy is specifically designed to not only protect employees who are travelling in your vehicles, but consequently also your business.

Employees will have 24/7/365 access to the EVAC24 call centre. All it takes to dispatch the closest ambulance and take them to the most appropriate hospital for treatment, is a phone call. This emergency service makes use of the largest fleet of ambulances and helicopters from Netcare 911, ER24 and others. Dispatching and transporting costs by road or air are fully covered. Hospital acceptance is guaranteed up to R100 000.

HOW COVER WORKS

Ctrack Fleet Protector cover is linked to specific vehicles, not specific employees. This means that any employee travelling in an insured vehicle is automatically covered in the event of an accident.

EXTENDED COVER FOR 24 MONTHS

If during the period of insurance, a driver sustains bodily injury as a result of an accident which directly and independently of any other cause results, within 24 calendar months, in death, disability or the incurring of medical expenses, Ctrack Fleet Protector will pay out the compensation stated in the schedule up to the maximum limits of liability therein.
