Ctrack DRIVE

FOR SMALL-TO-MEDIUM BUSINESS

 **SAVE COST**

 **DRIVER & DELIVERY NAVIGATION**

 **DAILY TASK OPTIMISATION**

 **DYNAMIC INTELLIGENCE**

Always Visible

MANAGE ALL YOUR DRIVERS, VEHICLES AND TASKS FROM ONE PLACE

Meet Ctrack DRIVE, our new fleet management solution that helps managers of small-to-medium sized businesses easily track and monitor drivers and vehicles in real time.

With a host of features, this new solution will improve the management, safety, efficiency and productivity of your mobile workforce and vehicles, ensuring increased profitability for your business.

Experience the benefit of being with Ctrack. Get **Ctrack DRIVE**.

ROUTING & NAVIGATION

Simply enter the tasks for the day and our route optimisation function will provide the most efficient route, complete with turn-by-turn GPS navigation for drivers.

DRIVER BEHAVIOUR SCORING

Our driver app scores the driving style for each trip by looking at speed, cornering, braking, etc. and highlighting areas for improving safety. This results in less speeding fines, accidents and vehicle maintenance, which helps you save money.

FULL VISIBILITY

COMPLETE OVERVIEW OF TASKS & DELIVERIES

Ctrack DRIVE offers a full overview of in-progress and scheduled tasks & deliveries for the day. This is visualised by viewing a driver on a map to see current location, and where the next task is situated.

COST REDUCED BY UP TO 20%*

DRIVER APP

Thanks to the power of smartphones, no dedicated in-cab device is needed to communicate with drivers. Our mobile app provides drivers with up-to-date information for their day's tasks and routes, ensuring all tasks are completed on time.

CTRACK DRIVE LOGBOOK

Drivers are able to access a driver logbook report to assist in business versus private trip claims and expenses.

VEHICLE ADMINISTRATION & REPORTING

Ctrack DRIVE provides all the tools to manage and administer your vehicles, complete with powerful analytics to measure benchmarks and trends.

UP TO 30%* MORE EFFICIENT

REAL-TIME UPDATES

Always be informed of a delivery or a task's status with real-time GPS updates on each vehicle's current location and estimated time of arrival.

OPERATIONAL IMPROVEMENT

How long are your drivers and vehicles on the road? How far are they driving? How long does a task or delivery take to complete? With **Ctrack DRIVE**, the answers to all your questions are always just a click away.

STOLEN VEHICLE SUPPORT

Ctrack DRIVE includes our stolen vehicle support service, meaning that we'll assist to track your vehicles if they are stolen.
